

Winners of The Antioch News Mail Auction

G. A. Hansen, Rt. 1, Antioch, and Frank S. Royer, Rt. 3, box 214, Antioch, were the two winners in the Antioch News Mail Auction of 200 gallons of fuel oil.

Mr. Hansen bid \$30.00 for 200 gallons, and Mr. Royer bid \$28.50. These were the two high bids received.

The Hansens said they arrived at their bid by figuring about 10% and deducting it from the purchase price. It worked, and they saved \$2.45.

Mr. Royer intended to order No. 1 Range oil in place of the furnace oil he won.

The next item to be auctioned by the Antioch News will be announced at a later date.

Larson Raids Gambling At Country Club

The sheriff's office is trying to determine who owns the house in which various gambling equipment was seized and 63 persons arrested, Sheriff Larson said today. The property is owned by a trust, Larson said.

The gambling raid started at 11:30 p.m. Saturday night. The gambling was uncovered in a two-story house at the Vernon Hills Country Club.

The raid was conducted by Sheriff Larson and his deputies, accompanied by FBI agents. FBI personnel were not there in an official capacity, Larson said. He had requested the FBI for information on certain people who frequented the place, and FBI officials accompanied him on the raid so that they could question individuals to find out if Federal laws had been broken. They were interested, Larson said, in determining if interstate laws involving transportation of gambling equipment or personnel had been broken. No evidence of interstate traffic was found, he said.

Sheriff Larson also denied reports that he was investigating a possible connection between the gambling establishment and the death of Anthony J. Biernat, Kenosha jukebox distributor.

Gambling equipment and cash were seized in Saturday night's raid. Sixty-three arrests were made. Patrons (continued on page 5)

Dr. Thain Co-Chairman of Antioch Heart Fund Drive

Alan L. Thain, M. D., 707 Main St., has been named physician co-chairman for the 1963 Heart Fund drive in Antioch.

The announcement was made by Antioch campaign chairman, Mrs. John Wagner.

Dr. Thain, a practicing physician at Victory Memorial Hospital, emphasized the importance of research, educational work and community service programs supported by Heart Fund contributions.

"The gigantic scientific strides made in the cardiovascular (heart and blood vessel) field during the past decade are heartening to us all," he said.

"Many of these discoveries have come about with the use of Heart Fund contributions. Last year came the announcement that individuals most likely to have a coronary can be spotted in advance," Dr. Thain declared. "This makes preventive measures possible. Other research gains have led to the following," he continued.

"Seventy-five percent of heart attack victims recover, return to work; new drugs and diet successfully treat many high blood pressure patients; rheumatic fever and rheumatic heart disease can be prevented; rehabilitation rate up for stroke victims; diseased arteries safely replaced; faulty heart valves replaced with plastic ones; electronic devices regulate faulty heart beats; congenital heart defects correction rate up; successful open heart surgery rate up.

"But there is much more to be done. Therefore, it is up to every citizen in Antioch to do his part in the fight against what is now the leading killer in Antioch and the nation."

"Heart attacks and strokes, though important phases of heart association and heart council work, are only two of the many areas of cardiovascular diseases being studied," Dr. Thain said.

"Other areas not commonly associated with cardiovascular diseases include varicose veins, rheumatic fever and rheumatic heart disease, hardening of the arteries, high blood pressure, and in-born heart defects."

"Just as important as the research in these areas is letting the physician know of new discoveries," Dr. Thain stated. "And Heart Fund dollars help bridge the gap between the research laboratory and the physician's knowledge by quickly providing him with the information about new discoveries, whether they pertain to prevention, treatment, or rehabilitation—for example, last year Lake County physicians cooperated in a rheumatic fever prevention program. Rheumatic fever is a disease brought about by attacks of streptococcus sore throats. When the strep throat is properly identified by cultures and treated adequately with antibiotics, rheumatic fever can practically be eliminated. Under the prevention program last year Lake County physicians were supplied with special kits for taking the culture. Positive cultures were telephoned to the physician submitting them so proper treatment could be instituted. Because of the success and importance of this program most of the hospitals in the county now provide this same service."

The Heart Fund campaign takes place in February and culminates on Heart Sunday, February 24, when an estimated 100 Antioch volunteers will ask for contributions. In addition special gifts and special business solicitations will be held.

Dr. Thain has been on the staff of the Victory Memorial and St. Therese Hospitals for seven years. He received his M. D. degree from the University of Illinois in 1952, and turned at Indianapolis General Hospital.

PM&L Play Big Hit

About a thousand persons viewed the Palette, Masque and Lyre's play last Friday and Saturday nights and reportedly put their stamp of approval on it.

Music for the play was written by Mac Ryan, and was generally conceded to be the highlight of the evening. The play itself was written by members of the PM & L Club.

Music during the presentation was provided by a band composed of Homer Gaston, Dave Steffen, Danny Dee and Frank Sebesta. The sets were designed and painted by Dr. James Kopriva, Rosalie Lyons and Preston Reckers.

Proceeds of the play will help to sponsor the high school music association's trip to the Summer Fine Arts Camp at Bloomington, Ill.

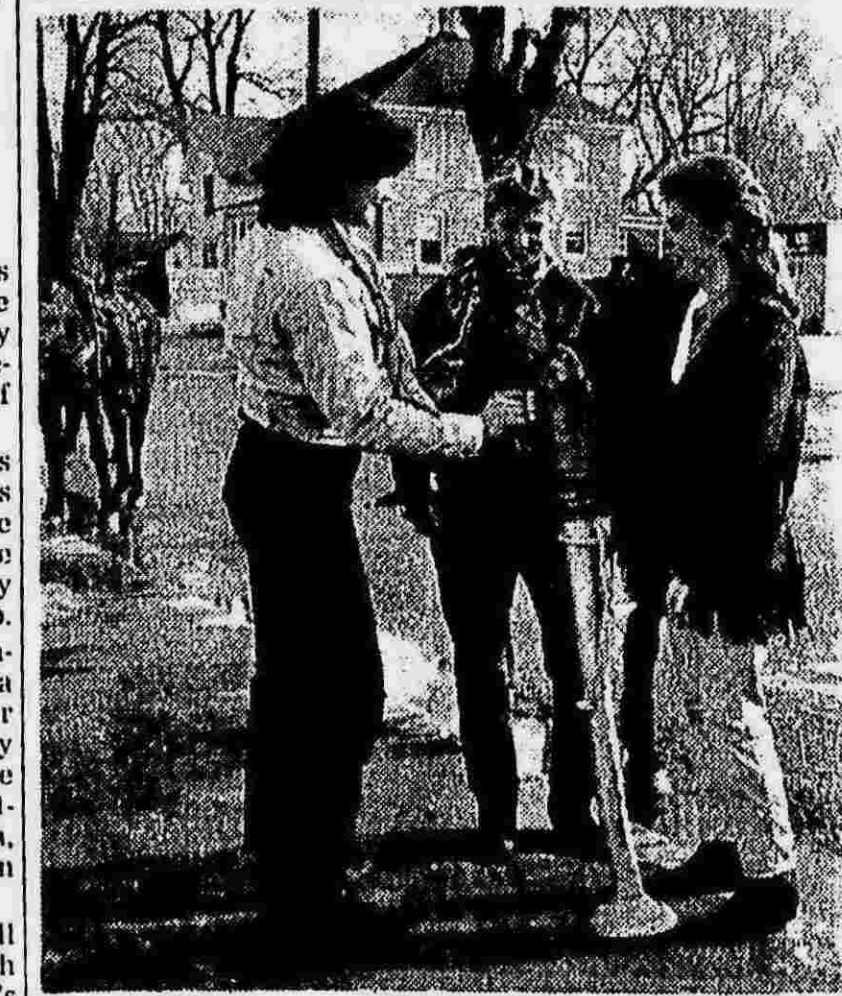

'Old Guard' Slate Files For Board

A slate made up of Raymond P. Toft, David H. Nissen, J. Irving Walsh and Einar Peterson have filed petitions for candidacy for the Village Board as candidates of the Old Guard party.

Ray Toft has been filling the vacancy on the Board created by the resignation of John Blackman. Einar Peterson is running for the two-year term still to be served in this office. The other three men are running for four-year terms.

Bette Meyer, who took out a petition, has not yet filed. Last filing date is February 25.

There are rumors that a slate headed by Herman Holbek, one of the incumbents, will file for candidacy.

Zoning Hearings Near End

Lawyers, Realtors, Private Citizens Protest Board's Invasion of Rights

MISS BETTY LU WILLIAMS, librarian of the Antioch Library, joins the Antioch Heart Fund Drive with a display of printed material and pictures, giving information on the heart and its functions, heart research and programs dedicated exclusively to combating cardiovascular problems. Mrs. Wagner, chairman of the Heart Fund Drive, has appointed Mrs. Edmund Vos in charge of Special Gifts. Donations may be mailed to her home, 576 N. Main, Antioch.

Today (Wednesday) is the date set for the final hearing by the Lake County Zoning Board of Appeals on the proposed zoning ordinances for Lake County.

Hearings were previously held in 18 townships. The hearings grew progressively stormy as people became more informed on provisions of the ordinances and numerous people discovered their property had been rezoned into classifications they felt were undesirable.

The Lake County Board of Realtors and the Lake County Bar Association started to oppose the proposed ordinances and re-zoning early in the hearings. Lawyers termed several provisions of the ordinance unconstitutional. Realtors protested the arbitrary re-zoning of property and the "zoning freeze."

Numerous school boards throughout the county have protested re-zoning in their district which left them with insufficient business zoning to relieve the tax burden on residential property. With the number of children in schools increasing and expenses rising yearly, schools have found the possibility of business building zoned out of their plans.

Cities and towns, at first silent in regard to the ordinances, are the latest to register objections to the plan. The Waikageau-North Chicago Chamber of Commerce has protested passage of the ordinances on the grounds that the zoning discourages the development of new residential, commercial and industrial facilities in the County and the expansion of existing ones.

Committees from the Lake County Bar Association, Lake County Realtors, Lake County Contractors, the Professional Engineers' Society and representatives of Savings & Loan Companies in the county have requested a meeting with the Zoning Board to express their objections and try to iron out some of the differences. The Board agreed to the plan, but has not yet set a date for the meeting.

Protests against the proposed re-zoning will be accepted by the Zoning Board until April 22.

Lloyd "Red" Murrie has declared he would not vote for the ordinance in its present form. Numerous protests have been lodged with him. However, he says, he feels that Lake County needs a new set of zoning ordinances, and that the proposed zoning, after considerable revision, probably will be approved.

Mr. Murrie said the freeze on building permits would probably be ended at the next meeting of the county board, in March. Issuance of building permits was stopped in December, and it was originally intended that the freeze would last six months.

Appeals for re-zoning from the old classification will also (continued on page 5)

Appointments of a special advisory committee to work with the Lake County Health Department on setting sanitation standards for hotels, restaurants, and taverns will highlight the meeting of the Tavern Owners Association of Lake County at Walter Bawyn's Lake View Resort, Channel Lake, today (Thursday).

The committee is being appointed by Association President Al Skokie as a result of a short talk before the association last month by John Morris, health department sanitarian.

In addressing the tavern owners Morris said, "We want to work with the tavern and restaurant owners to establish reasonable standards of sanitation and cleanliness to safeguard the health of your customers and to help you develop your business."

Lions Club Committees Appointed

Committees for 1963 were recently appointed by the new president of the Lions Club.

Program chairman is T. C. Larson; Community Service committee, L. Keisler, T. Haviland, G. Jensen, L. Roblin, D. Radke, R. Wilton and E. Martin; Season Pool Passes, G. Molgard, A. Meyer, E. Anderson, M. Loven and P. Bill Seemann; W. Lear, A. Dittman and H. LaPlant; Sight Conservation, R. Calloway, B. Willett and E. Kugler; Public Regations, D. Dugenske, H. Tobieski and H. Shepard; Ladies Night, E. Jacobs, W. Shepard, H. Shepard and J. Fields; Constitution and By-laws, A. Dittman, W. Petty, M. Loven and G. Hawkins; Boys and Girls Committee, Dr. G. Jensen, C. Schiesser, G. Molgard and W. Camp;

Spring Golf Tournament, Dr. E. Warner, R. Lorenz, P. Reckers, B. Lahti, and H. Yucius; Rescue Squad, L. Sexauer, E. Sletten, W. Shepard and D. Erickson; Membership, B. Osmond, E. Strang, and B. Vos; Special Committee, Ted Larson, Dr. J. Kopriva and W. Brook; Finance, B. Seemann, N. Jedele and W. Lyons; Bowling, R. Ripley and C. Solar; Fund Raising, W. Lyons and B. Osmond.

Health Dept. Starts Anti-Litter Drive

An anti-litter campaign aimed at ice fishermen is being jointly sponsored by the Lake County Resort Owners, the Northern Illinois Conservation Club, the Lake County Sportsman Club, the Isaac Walton League, and the Lake County Health Department.

The campaign will seek to make the public aware of the undesirability of leaving bottles, sacks, and other refuse on the ice of lakes. Bait shops and resort owners will provide refuse barrels, and information as to where they are placed.

Bait shops will also pass out flyers to ice fishermen. The Health Dept. ordinance regulating refuse disposal in lakes and streams in the summer is also in effect toward ice fishermen who leave refuse and polluting items at the scene after fishing.

No Hitching Rail? Girls Find Way

The old hitching post is gone from Antioch streets, but modern ingenuity found a substitute last week.

The modern parking meter serves very well as a substitute, three girls riders from the R & S Ranch on Route 173 found. Only trouble is, it costs money.

The girls didn't seem to mind too much, though. Beguiled by the sunny skies and warm air last Wednesday, they rode their horses to Antioch. There they tied each horse to a parking meter near the Lyons-Ryan Ford establishment, dropped a nickel in each meter, and went to a restaurant for lunch.

We disturbed their lunch hour long enough to get a picture of the girls and their horses. After all, you don't find a horse occupying a parking space in town too often these days.

The girls said a breakfast ride is scheduled from the R & S Ranch on the last Sunday of each month. The Ranch is on Route 173 west of Channel Lake.

NICC Elects Officers

The Northern Illinois Conservation Club re-elected its present slate of officers at its recent meeting.

Officers are Dick Waters, president; William Brook, vice-president; James Waters, secretary; Joseph Walsh, assistant secretary; and George Jensen, treasurer. The new board of directors includes William Chase, Ernest Delabio and Bill Amendola.

President Dick Waters appointed committee chairmen. Chairman of the Clubhouse committee is Ernest Delabio; Membership, James Waters; Archery, Chuck Miller; Trap shooting, William Brook and Steve Yadron; Reforestation, Dr. Jensen. Harry Stern was re-appointed publicity chairman.

The club discussed plans for resuming its planting program in local schools. Grass Lake school children planted several trees on the school grounds last year with the cooperation of the club and Ed Cooney. The club now plans to donate 10-gallon aquariums to the school, one to each room, so that students can study aquatic life.

President Richard Waters announced that plans have been discussed with State Supt. of Parks Jim McMillen for apportioning plots of land in State Parks to local schools for tree planting projects. Mr. McMillen declared himself in favor of the plan. Oak Point State Park and Illinois Beach State Park have been suggested for this project.

STAR, MISTY AND SANDY (they're the horses) were tied to parking meters just off Antioch's Main Street while their mistresses lunched.

EDITORIAL

Anyone Interested?

A remarkable lack of interest has been shown so far in filling the up-coming vacancies on the Village Board.

It would be easy to attribute this to the "public apathy" which we hear so much about, but it seems doubtful if this is the true answer. People have evinced a lively interest in the doings of the village board, and there's plenty of pro and con discussion of everything they do.

We can think of a dozen able men who would be valuable additions to the village board. Probably most of them are too busy with their own affairs to want to bother to spend time serving the public. Many businessmen don't want to risk offending customers or incurring criticism by an unpopular decision.

A lot of people come into newspaper offices with suggestions. And we've noticed that older people are more likely to be alert to possible dangers of a proposal, more civic-minded than the busy men and women who are in the midst of raising a family, fighting for a foothold in business, etc.

So how about some of these elder citizens running for the Village Board? They'll be doing a much-needed job for which they may have more time than their younger colleagues.

Whither Goest Thou, Karl? County Treasurer Karl Berning, that is, who is making sounds and moves like a candidate for some office other than the one to which he was elected only a few months ago.

Berning, who took the office on Dec. 3, has just returned from a seminar on urban county problems in Washington where problems of sanitation, flood control, sewer and water, and transportation were studied and discussed.

Unquestionably there was a great deal of important information for County Board Chairman Robert Dickson and County Health Department Sanitary Engineer John Morris, who is on loan to the County Public Works Department.

But the agenda listed little information that would help the county treasurer learn about the operation of his office.

Berning has also shown an inordinate interest in proposed legislation for cities, villages, and townships, having taken an active part in the recent meeting between the county board's legislative committee and the county's team of state legislators.

Now there is nothing wrong with an elected official keeping abreast of what is going on in other departments and other fields, but he usually displays this interest after he is firmly entrenched in, and fully knowledgeable about, his own office.

They also display a wider range of interest when they are contemplating a move into the legislative field.

It has been our conviction for some time that both the Democrats and the Republicans should enter candidates in the township races, but we envisioned some coordination between the various township groups so that all townships would enter slates and the candidates would be chosen under the same ground rules.

This obviously isn't the

case for the coming township elections since there is a patchwork of party activity and there is considerable bitterness brewing over the methods used in some party caucuses.

Disappointed candidates are openly and bitterly denouncing the candidates selected in caucus, and there have been charges of "stealing the endorsement," railroading endorsements, and loading meetings.

These charges open the way for some interesting results in the balloting and the Republicans on the county board may suddenly find that Democratic John Balen has some bona fide company among the membership.

A few weeks back a newspaper in one of the shoreline cities editorialized on the virtues of a shorter ballot advocating the elimination of purely administrative offices from the ballot in the interests of simplicity and economy.

The reaction has been rather surprising. First to publicly embrace the idea was the League of Women Voters, which claims to be non-partisan, but which in reality is heavily flavored with Democratic spices.

Next came State Auditor Michael J. Howlett and then State Treasurer Francis Lorenz. Democrats both, to applaud the short ballot idea.

Speaking in opposition were County Superintendent W. C. Petty, County Treasurer Karl Berning, Secretary of State Charles F. Carpenter.

Latest to oppose the idea that the removal of offices from the ballot would strengthen representative government is State Senator Robert Coulson.

Could it be that the editorial writer is a little out of touch with the attitude of the party to which it has always claimed allegiance?

A dangerous precedent was

Mrs. James W. McMillen (and all Lake County Taxpayers) Route 1, Box 285, Antioch, Illinois

Dear Phyllis:

Thank you for requesting more information regarding the "Packing of the Advisory Committee with Politicians" and the recommendation by the Policy Committee that the Advisory Committee be abolished. All I can say is that this is "Bureaucracy at work in Lake County" and a "Republican Bureaucracy" this time.

As you say, it's utterly impossible to get the true facts from the Press when the Press has been barred from the Committee Meetings. However, I feel quite sure this high handed bureaucratic method of holding closed meetings will soon end with a thud.

As per your request, I enclose our formal Recommendation Number Ten, dated January 27th, 1963, which I presume the President will file in his waste basket, as he has since he was elected some two years ago. This never happened under the dignified regimes of Emmet Moroney and Dave Van Patten. Why? Because these two honorable men fully realized that they were elected by the people to a "Public Trust"; and thus were humble enough to realize that they were "Public Servants".

But what has happened since? I can't answer this because the people and the Press cannot enter the smoke filled room of the "Bureaucrats"; although "we the people" are paying their salaries. Is this the American way of Government, or is this Socialism or worse, as Attorney Ted Larson and other attorneys have pointed out?

Only last week, I noted in the Press (after we had submitted in writing a very constructive suggestion to the Policy Committee) that one of the members stated, "This is just more Hog-wash" and then voted to recommend the abolishment of the Advisory Committee.

So where do we go from here? I am quite sure that the majority of the citizens and taxpayers are not quite as stupid as these members of the "House of Lords" think we are.

They can eliminate me from the Advisory Committee, but they can't exterminate me; nor you, nor my Jim, nor thousands of others who are determined to leave a rich heritage of the "Good Earth" to future generations.

Thanks a million to you and Jim, and especially for Jim's letter to the Editor regarding the Morris Plan. That was a honey.

Good Luck, good health. Sincerely yours, Arthur B. McDonald

cc: Mr. Taisto Aho, Advisory Committee; Mrs. Gladys Roper.

EDITOR'S NOTE: The formal recommendation Number 10 mentioned in the above letter is too lengthy to reprint. However, we can give some of the high spots from it for your information.

The communication covers some recommendations made by the Forest Preserve Advisory Committee to the Board of Commissioners on August 17. "The continuing controversy resulting from the packing of the Committee with politically sponsored members has delayed its presentation", it says.

The Advisory Committee recommends that the Board acquire more land for Forest Preserves as speedily as possible, because of increasing land values. They point out that "the point is being reached when more money will be spent and effort ex-

erted annually on the study of the need for open space, than Lake County is spending on the purchase of land."

The Advisory Committee recommends that development and improvement of the sites be delayed until the Board has acquired the approximately 3,000 acres recommended in a previous report accepted by the Board of Commissioners.

WE DROPPED A LINE, SORRY

If you had trouble figuring out a few lines in "Agitator's Retort" by Jim Waters, last week, we're not surprised. A couple of lines were left out.

Here's the way Mr. Waters wrote it: "A 10c levy on the 100 dollar assessed evaluation amounts to \$100 per \$1000 assessed evaluation and a 15c levy on the \$100 assessed evaluation amounts to \$1.50 per \$1000, which equals \$2.50 on the \$1000 assessed evaluation or \$12.50 for that \$5000 home."

Another error later on in the articles says it will cost the taxpayers \$55 a year to transport the children. Mr. Waters' letter said \$5.00 a year.

Dear Mr. Editor and Annie Mae:

I'm hoping that you will help me convey Some Valentine Greetings to folks long the way. To all of the gang at the Sporting Goods store Who were great fun to work with, and oh, so much more!

To the friendly people at the State Bank Especially Pres, who rates a big "Thanks". To the staff at the News who keep us advised And to Howard who oftentimes helped us decide.

To Wensel and Ellen who see to it folks have some fun To the Stanichs who dispense cheer to most everyone. Now we come to the very most special of all To the folks up on David Street where we had such a ball.

To Len who's the jazziest jitterbug around And to Darlene whose good spirits always abound To effervescent Marilyn in her lovely gowns And husband Joe, the handsomest man in town.

To Marge and Don, warm-hearted, sincere, To Norman and Art, so nice to be near. To the Papes and the Laursons and the Ey Onedahls

And to so many others I can't name them all. Though the weather's delightful and warm way down here

Though this city is friendly and full of good cheer My heart is with all of you up there in the snow And I'll be thinking of you, wherever you go.

So as you are loasting at the Lions Club ball Have a Texas highball for me, please, won't you— —YOU-ALL?

AN OPEN LETTER TO LAKE COUNTY TAXPAYERS

TO ALL CONCERNED

Village President Noel of Mundelein has challenged the Supervisors of Libertyville and Fremont townships to state publicly where they stand on the proposed ordinance for Lake County.

"If," he said, "they are responsible people, they will tell their constituents how they will represent them when the issue ultimately comes up on the County Board Level."

Association of Collective Taxpayers endorsed Mr. Noel's challenge and suggests that all City Councils, Village Boards, Sanitary Districts and School Boards make the same demand.

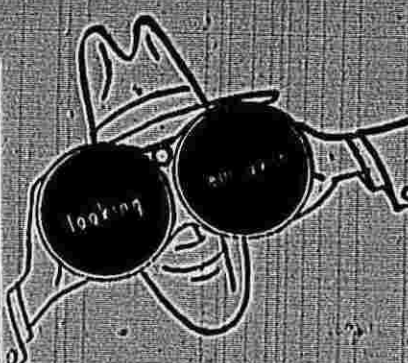

There are few tax supported bodies in Lake County that are not operating on the assumption that future years will bring increased assessed valuation, hence increased revenue to support the projects they are mortgaged to finance.

If, with the imposition of this new ordinance, projected revenues fall far short of the liabilities that have been assumed, the answer is bankruptcy!

To whom does a bankrupt city government turn?

A bankrupt school district? The answer obviously is to the County.

Is this what we want—the local control of town and school government erased; personal rights and privileges

By Pearl Kapell

Wonder if the Marines aren't beginning to wish that letter of Theodore Roosevelt's had never come to the attention of the President.

Fifty miles is a long hike. It would be interesting to see how many civilians could do it. There probably isn't one person in one hundred who would own a pair of shoes suitable for a long hike. After the first few miles, you'll find out whether or not your shoes and socks are good for mileage. Heaven help you if the shoes are a bit too large or small.

A group of Marines from Great Lakes started off on a long hike Wednesday. Their commanding officer pointed out that there wasn't much room for such a hike around here—too much concrete, too many cars, and where they could hike on the ground it's frozen hard. Concrete is murder for a long walk.

In this climate, we'd rather make the walk in May.

"Too Much Planning"

Although not concerned with the type of planning involved in zoning, an article in the February Reader's Digest, "The Fallacy of Too Much Planning," taken from Newsweek, points out the weakness in much government planning. The opening paragraph is something to think about, to quote, "The idea of government economic planning appeals to many intellectuals and politicians today. What they forget is that each of us, in his private capacity, is constantly planning ahead—regarding his job, his business, his leisure, his spending, his saving for a home or a car or the education of his children."

You'll find the short article well worth reading, particularly if you've often wondered why so many plans that sound so good just don't work out.

Illinois casualty insurance companies have put out a fact book for insurance protection for young drivers.

The insurance companies, they say, are "attempting to persuade the teen-age driver to ditch horse sense to horse power."

The accident rate in the 16 to 25 year age group is so high that sometimes, says the book, the insurance costs more than the car the youngster drives.

The automobile is the greatest killer of youth in the U. S. No pestilence, no disease, even comes close to the automobile as the cause of death in the high-accident age group.

The books will be given to students of driver education in the high schools of Illinois. Besides pointing out to young drivers the tremendously high cost of car insurance in the 16 to 25 year age group, the book advises young drivers as to what kind of insurance they need and the reasons.

The Lake County Safety Commission reports a sharp rise in traffic deaths in January over the toll of previous years. The 8 fatalities in January of 1963 compare with 6 in 1956, 5 in 1957, 1 in 1958, 2 in 1959, 4 in 1960, 6 in 1961, and 4 in 1962.

If this carnage on the highways is not stopped, the Safety Commission points out, Lake County will again be known as the "slaughterhouse" of Illinois.

A tip on safety from the Commission—the safest car, from a color standpoint, is a two-tone blue and yellow. Blue is most easily seen in daylight and fog, yellow most easily seen at night. And if you have ever been startled to discover a neutral-colored car, one of the tan shades, bearing down on you on a day when the visibility was poor, where you had seen no car before, you'll appreciate this tip.

Saint Valentine, who became the patron saint of amorous lovers, would most certainly be agast at our streamlined version of honoring his day.

Our contemporary way of life has almost abolished the sweet, sentimental, lacy Valentine of yesterday, designed to be sent to the light of one's life. Rather today, it has become "push" to find a subtle, slightly slanderous card, that points up the shortcomings of the recipient. Thereby the sales of greeting card companies soar, for you see now the purchase of one Valentine is passe. Today one must select carefully these tokens of remembrance for all one's friends and enemies alike.

FEBRUARY, 1963

TO ALL WHOM THESE PRESENTS MAY COME, GREETING:

WHEREAS, The Honorable Otto Kerner, Governor of the State of Illinois, has issued a Proclamation dated November 15, 1962, declaring that the month of February, 1963, is to be celebrated as American History Month in our State;

WHEREAS, All organizations of what ever kind, and public, parochial and private schools, have been asked to emphasize the study of American History during this celebration month which contains the birth dates of the First and the Sixteenth Presidents of the United States—

GEORGE WASHINGTON AND ABRAHAM LINCOLN

WHEREAS, The National Society, Daughters of the American Revolution, has sponsored American History Month in February since 1955

NOW THEREFORE, I, Mayor Cunningham do request by cooperating proclamation, that every effort be made within our Village of Antioch in the State of Illinois to stress the vitality and freedom we enjoy as citizens of the United States of America.

The facts of written history refute the theory that indifference and ignorance can replace patriotism. Let us all contribute to the growth of our American heritage and develop finer citizens for future generations.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the Village of Antioch, Illinois, to be affixed this 8th day of February, in the year of Our Lord One Thousand Nine Hundred and Sixty-three, and of the Independence of the United States of America the one hundred and eighty-eighth.

Your Governor Reports

by OTTO KERNER

My recommendation to the 73rd General Assembly for an Illinois Industrial Development Authority came because of my continuing belief that such an economic tool is sorely needed in our state as reflected by repeated urgings from local groups for re-introduction of the measure.

Such proposed legislation was sponsored by this administration and approved by the 1961 General Assembly. Subsequently, however, the Illinois Supreme Court found fault with a facet of the proposal and, thus, the entire measure was scrapped.

An amended version of this needed legislation will soon be offered the legislature which we feel will meet the court's approval. In essence, the proposed authority would be concerned with the issuance of bonds for community economic development.

Many states have similar authorities and many others, including most of our neighbors, allow bond financing by either state or local authorities for economic development.

As I told our legislators, "The Development Authority is not intended to replace private initiative in community development, but rather to help stimulate industrial activity and fill the gap where private financing has not been available."

The Committee of State Officials on Suggested State Legislation of the Council of State Governments recently recommended legislation to allow states to provide financial assistance for projects covered by the federal Area Redevelopment Act. Such legislation also was recommended by the Governor's Committee on Unemployment here in Illinois.

My proposal for an Illinois Industrial Development Authority also calls for emphasis on tourist promotion. At this time, many local areas which could benefit most from this activity are often not financially able to raise the money needed to attract visitors, who, according to conservative estimates, spend \$1.3 billion a year in Illinois. There is no reason why this figure cannot be increased and why more of our communities cannot share in this vital business.

Youth to Attend
Mid-Winter Institute
Methodist Youth Fellowship members of the Lake Villa Methodist church will attend the Mid-Winter Institute to be held at Grace Methodist church in Lake Bluff.

All high school youths are

urged to attend. The program will begin with registration at 9 a.m. Saturday, Feb. 9. They will return home Sunday afternoon with a concluding statement at a discussion period as well as games. Each person attending will be a guest of one of the members of the MYF of Lake Bluff. A wonderful time for getting acquainted with youths from other churches in this area will be offered at this Institute.

Mr. Robert Henderson, church lay-leader, will lead a discussion period on Saturday afternoon. He is also the high school church teacher in the Community Methodist church. Mr. Henderson spends many hours helping youths find themselves in this fast moving transitional period of our time. He has offered his services to the

youth for counseling in his home on any problem they are facing. He has dedicated his life in helping youths in our community.

Family Fellowship
Dinner is Planned

A potluck dinner will be held at the Lake Villa Community Methodist church Sunday, Feb. 10, at 12:30 p.m. for every member of the church. The Woman's Society of Christian Service will be the hostess.

Each family attending is to bring a dish or two to pass. Coffee, rolls and butter will be furnished by the WSCS.

This event is in accordance with the early history of Methodism, when groups or families met at their church to enjoy their friendship at such a dinner. Remember a friend is gained by being a friend to your neighbor. You

are cordially invited to come and enjoy yourself with us.

Ministerial Association
Meets in Lake Villa

The West Lake County Ministerial Association will meet in the Community Methodist church in Lake Villa Monday, Feb. 11, at 10 a.m. Rev. Covell J. Hart, president, will preside at the business meeting. All ministers of West Lake County are invited to participate in this meeting. Refreshments will be provided by the host, Pastor Virgil H. Smith.

Senior MYF to Go
Tobogganing

The Senior Youth Fellowship Group of the Lake Villa Methodist church has set Feb. 11, as the time for their toboggan party. It will be from 6:30 till 9 p.m.

They will return to the church for refreshments.

Start Work on Play

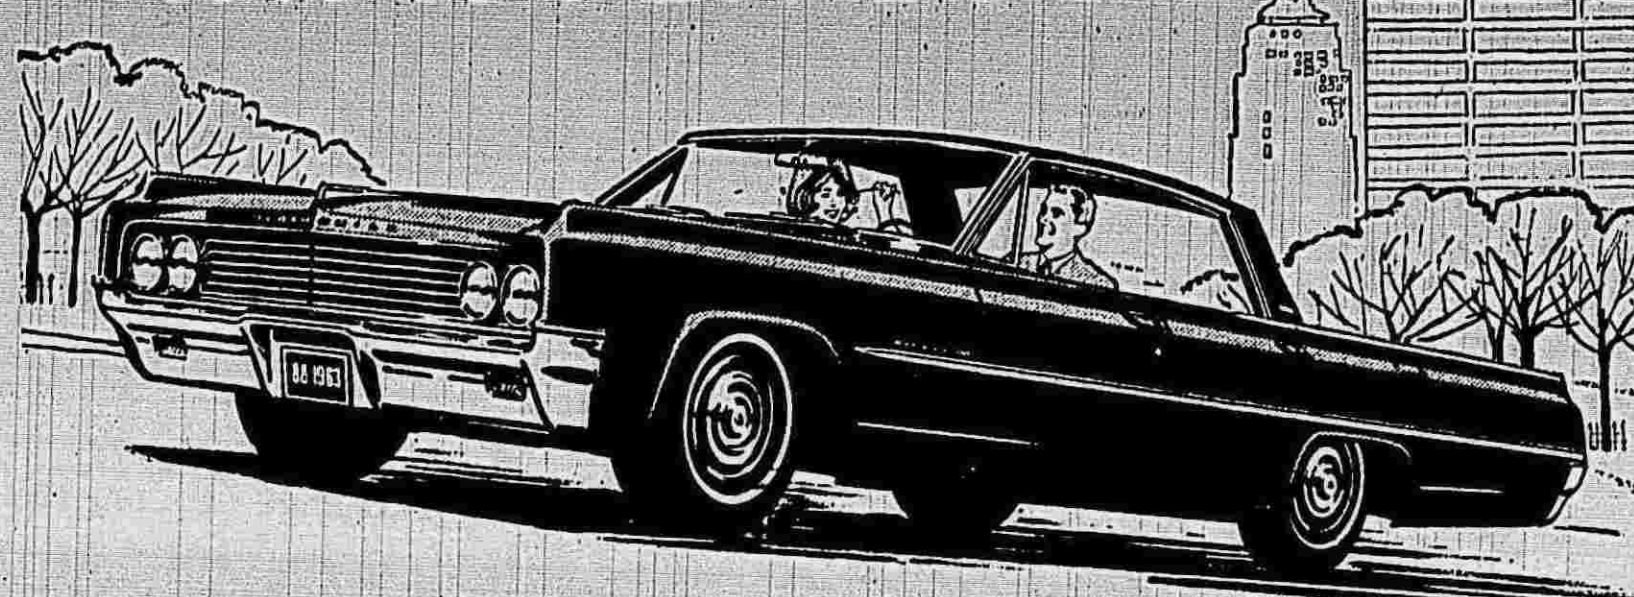

Preliminary try-outs are now in progress for the Grant high school spring play sponsored by the senior class. The play "The Mouse That Roared," from the British stage and screen has a thirty member cast which covers a range of characters from bird watchers to WAC's.

No formal stage settings will be used in this unique production, which contains many unusual events.

Miss Mary Sue Sauer will direct the play. Presentation date is set for March 20 and 30.

Each member of the MYF is at liberty to bring a guest to share in the fun during such a fine winter sport. They will meet at the church and then go to Steltz's Marina for their tobogganing party.

Zmuda's Celebrate 25th Wedding Anniversary

Mr. and Mrs. Walter Zmuda received many beautiful gifts at the party celebrating their 25th anniversary last Sunday, but the most unusual was a five-foot Money Tree.

The tree, a beautiful decoration quite aside from the silver dollars which hung from its branches, has trunk and limbs of a material resembling driftwood and plastic leaves. The large pot in which it stood is piled with silver dollars.

Mr. and Mrs. Zmuda are the owners of Carson's Gift Shop on Route 173 at Channahon Lake. The party was part of a celebration planned for them by their daughter and her husband, Mr. and Mrs. Don Janak of Bridgeview, Ill. Sunday morning they and their family attended high mass at St. Adalbert's Church in Chicago, the church in which they were married 25 years ago on Feb. 12. Both had been baptized in the same church.

Dinner at Cyrena's Restaurant in Chicago with 75 guests was the next event of the day. The evening was spent in dancing.

The Zmudas have four children and four grandchildren. Renette (Mrs. Don Janak) has three children: Marlon, Chicago, has one; Sharon, 16, attends St. Joseph High School in Kenosha; Walter, Jr., 12, attends St. Peter's School in Antioch.

Two guests at the party were Mrs. Zmuda's parents, Mr. and Mrs. John Broza, who recently celebrated their 50th wedding anniversary.

The Zmudas have lived at Channahon Lake about seven years.

Emmons School Students Enter Band Contest

Emmons Grade School, District No. 33, will enter seven soloists and three ensembles in the annual Illinois Grade School Band Association District Contest. The site will be Round Lake Grade School with the event taking place Saturday, March 2nd, according to principal and band director John F. Yandas.

Soloists performing will be Gerald Becker, trumpet; Susan Ellis, clarinet; Susan Haisma, clarinet; Donald Miller, trumpet; Randall Rich, snare drum; Louis Tanner, Jr., cornet; and Paul Yaska, alto saxophone. Ensembles performing will be: Louis Tanner, Donald Miller and Gerald Becker—trumpet trio; Susan Haisma and Paul Yaska—clarinet-saxophone duet, and Randall Rich and William Hansen—drum duet.

In preparation for contest performance, these youngsters will play for the student body of Emmons Grade School during assembly on Wednesday, Feb. 27, at 1:30 p.m., and again at an informal recital on Friday, March 1, at 7:30 p.m. Parents and friends are cordially invited to attend. Accompanist for the participants is Mrs. Geo. Howland of Grayslake, renowned Waukegan Philharmonic associate and soloist.

Vacation In Florida

SARASOTA, Fla.—Mr. and Mrs. Douglas H. Dean of Trevor, Wis., enjoyed a visit to Sarasota Jungle Gardens during their recent vacation on Florida's West Coast. The visitors mingled with flamingos and other rare wild fowl from every continent roaming freely in these world-famous Gardens. Other points of interest in Jungle Gardens were hundreds of unusually colorful tropical plantings, huge Royal Palms bordering jungle trails, and brilliant macaws and cockatoos which pose with visitors for pictures.

The Hospital Committee was in charge of the chapter night program on February 7, at 8 o'clock at the Moose Home.

The College member escorted Jane Meyers to the altar and re-styled her for the benefit of the co-workers who did not see her strolling at the conference on Jan. 17.

Carolyn Vane was escorted to the altar to introduce her committee. She then showed slides of the West.

A class of three were enrolled as new co-workers. The meeting was closed with a fraternal good-night by the Senior Regent with 44 present.

Refreshments were served to end a very enjoyable evening.

An officers' meeting will be held on February 19 at the Alice Young home.

Principal To Conduct Lake Villa Concert

Emmons Grade School principal J. F. Yandas will serve as Guest Conductor at the annual Mid-Winter Concert of the Lake Villa Grade School's Junior and Concert Bands. Mr. Yandas is band director at Emmons, as well as former director of the Round Lake Grade School Bands. The Concert will take place in the Lake Villa gymnasium on Sunday, February 17, at 2:30 p.m.

LEGION POST 748 MEETS

A report on Boy Scout activities at the meeting of the American Legion Post No. 748 showed that Scout attendance had picked up to 25 boys or more at each meeting since the change of meeting nights.

Carnival Chairman John Horan reported that a letter had been sent to the Village Board requesting permission to use the village parking lot for a carnival from July 3-7.

Dr. George Jensen reported that he had requested Principal A. Dittman to encourage High School students to enter the Legion Essay contest.

Girl's State Candidates Considered

Mrs. Warren Edwards, President of the Antioch American Legion Auxiliary Unit, announced that the Unit will finance the cost of a local high school girl to attend the 23rd annual session of Illinois Girl's State, a seminar in government and good citizenship, to be conducted at MacMurray College in Jacksonville, Ill., from June 18 to June 25, 1963.

Mrs. Joseph Horton, Illini Girl's State chairman, has requested Principal A. Dittman and faculty members to recommend two girls from the Junior class, who have leadership qualities and who through integrity and cooperativeness have contributed to the high morale of the school and community. Scholastic rating and physical fitness are other requirements. The High School will designate which girl is to be the first choice, the alternate girl to attend only if the first girl is unable to go.

The first event of Girl's State is the forming of two political parties. As the mythical government progresses, conventions are held, nomination of candidates takes place and campaigns are conducted. Then comes the election, followed by installation of the successful candidates in state office. All functions of government are then carried out, executive, legislative and judicial. Also determined by voting are two representatives who attend the American Legion Auxiliary's Girls Nation held in Washington, D. C., where government is taught on the National level, and the girls meet many of our Nation's leaders.

Travelers on way home Mrs. Sid Kenyon and Mrs. Alonzo Runyard are planning to stop in Arkansas for a few weeks on their way home to Antioch from Arizona.

ALTAR & ROSARY SOCIETY

Members of the Altar and Rosary Society met in the School Hall last Monday evening, Feb. 4, after Rosary and Benediction in church. Rev. Lawrence Hanley conducted the services for the society.

Mrs. A. J. Scully reviewed a book entitled "Safari by Jet." This exciting book was written by Sister Maria del Rey, a Maryknoll Sister, who tells of her travels by jet to Asia and Africa, and relates the strange customs of these people who with teaching of the Gospels and the care of their sick are converted to Christianity.

February birthdays were celebrated and favors were given to: Mrs. Emily Milowski, Mrs. Peter Freund, Mrs. Ruth Groell, Mrs. Robert Maroney, Mrs. Regina Szymanski and Mrs. Ann Borchart.

Membership cards were given to those who have paid their 1963 dues—the remaining cards will be given out at the March meeting.

Mrs. Peter Freund and her co-hostesses of Our Lady's Volunteers served the refreshments. They were the Mesdames F. Wolter, F. Dowling, K. Vos, T. Milowski, A. Bucar, C. Garwood and S. Rysko.

Many more recipes are needed for the Cook Book Project. Deposit them in the box, provided for this purpose, in the Church vestibule during the Sunday Masses, or mail to P. O. Box 395, Antioch.

ANTIOCH WOMAN'S CLUB

The literature department of the Antioch Woman's Club will present a historical pageant of Famous Queens Through the Centuries at the Scout House on Monday, February 18, at 1:30 p.m.

The hostess committee consists of Mesdames Elmer Eberman, chairman, Ray Lorenz, Jr., Joseph Patrovsky, Sr., Henry Ruck, Richard Ruck, Robert Duha, George Anzinger, Ralph Gresens, Harry Green, Loren Sexauer and Clarence Klentz.

DEATH NOTICES

LESTER J. OSMOND

Lester J. Osmond, Sr., 66 years old of 950 Hillside Ave., Antioch, passed away Tuesday, Feb. 5, 1963 at 10:15 p.m. in Mt. Park Hospital at St. Petersburg, Florida, suddenly from a heart attack.

He was born Aug. 21, 1896, at Richmond, Ill., and moved to Antioch in 1903, where he has resided since that time.

Mr. Osmond would have been married 50 years in 1964. He held membership in the Antioch Lions Club, and had served on the Antioch Fire Department and on the Antioch High School Board. He started working as Antioch Rural Mail Carrier in 1922 and retired in 1957 after 35 years service. The people that he had served had a retirement party for him at the Grass Lake Grade School to show their appreciation for the many services that he had rendered to them.

Survivors are his wife Helen E. (nee Naber); two sons, Lester (Boyd) Osmond, Antioch, Bernard N. Osmond, Antioch; three daughters, Mrs. Eileen Lewin, Waukegan, Mrs. Ervin (Mary) Nevitt, Dousman, Wis., and Miss Joanne Osmond, Blue Island, Ill.; one sister, Mrs. John L. (Carolyn) Horan, Antioch; 8 grandchildren and 10 great-grandchildren.

A rosary was recited at the Strang Funeral Home in Antioch at 8 p.m. Sunday. A Solemn High mass was held at 10:30 a.m. Monday at St. Peter's Church in Antioch, with interment in Mount Carmel Cemetery at Antioch.

WALTER G. KRAWCZYK

Walter G. Krawczyk, 53 years old of Hwy. 50, Bristol, Wis., passed away Friday, Feb. 8th at Kenosha Hospital at 12:30 a.m. after being ill since January, 1963. He was born June 24, 1909 in Chicago, where he resided until moving to Bristol in 1947. He had operated the Bristol House Tavern since 1947 and had also been employed on the assembly line at American Motors since 1952. He held membership in the Holy Name Church at Wilmet, Wis., and belonged to the Polish National Alliance in Chicago, as well as the Ke-Nash-a Club in Kenosha.

Survivors are his wife Rose (nee Wojcik); two sons, Leonard AK3, with the U. S. Navy stationed at Pensacola, Florida, Richard, Bristol, and one daughter, Mrs. Roger Lorraine Phillips, Antioch; 1 granddaughter, as well as his mother, Mrs. Catherine Krawczyk, Poland; one brother, Henry, Poland, and three sisters, Mrs. Lucia Slowik, Poland; Mrs. Stella Kwana, Poland, and Genevieve, Poland.

Funeral services were held at 9:15 a.m. Monday, Feb. 11, at Strang Funeral Home in Antioch to Holy Name Church at 10 a.m., where a requiem mass was held. Interment was at Holy Name Cemetery in Wilmet. The rosary was recited at 8 p.m. Sunday at Strang Funeral Home in Antioch.

PROCRASTINATING CAR-OWNERS crowded into Charlie Cermak's office last Saturday in a last-minute rush for license plates. Here's a few of those who kept Charlie and his girls busy filling out applications all day.

Try Teaching Machine at Medical School

The first test of a teaching machine program will take place during the Spring quarter at the U. of Ill. College of Medicine in Chicago.

The machine presently being used by the College of Medicine looks something like a compact television set. It is called the Auto-Tutor and is made by United States Industries. The unit consists of a viewing screen and a row of vertical buttons that activate a microfilm projector.

The student sits before the screen and views a written page of script. After reading the material, he finds a question at the bottom which corresponds to the letter identifying the answer he has selected. A new page of script now appears.

If he has chosen the right answer, he is given additional

Zoning Hearings....

be accepted, Mr. Morris said. However, no appeals for rezoning from the proposed classifications can be considered until the ordinance is passed. This leaves the prospective developer of property uncertain as to what the final action on his property will be until such time as the Board can revise the ordinances, vote on the passage, and consider appeals, if the ordinance passes.

Robert Morris has assured protesting citizens at several of the township meetings that there will be a yearly review of the zoning. Far from com-

forting those who protest, the Bar Association has pointed out that this is one of the big objections to the ordinance. This would mean that the Board would review classifications yearly and could, without notice to the property owner, change his classification. Under the old ordinance, a property owner had to be notified that a change of his zoning was being considered by the Board, and he could appear and register his protest.

David Nissen, chairman of the Antioch Planning & Zoning Board, says that in his official capacity he is satisfied with the proposed zoning, as Antioch proper was untouched. The Antioch Zoning Board has never met with the County Planners to discuss zoning around the village and was not consulted on the matter, he said.

This has been an oft-voiced criticism of the plan drawn up by Mr. Morris—that he did not consult with local boards or groups as to the best use for land, or plans communities might have for use of land.

Jim McMillen, former mayor of Antioch and now Superintendent of State Parks, has been outspoken in his condemnation of the proposed zoning and ordinances. McMillen has long been a foe of restrictive zoning, terming it one of the aspects of "creeping socialism." He pointed out that the building of Libertyville Estates, which has been cited as one of the instances of the need for strict zoning, could have been prevented under the old zoning laws. The County Board granted permission for the development of the subdivision—a mistake they could make just as easily under the new ordinances.

Plan County Orchestra

A Lake County orchestra of Junior and Senior high school students, sponsored by Dr. W. C. Petty, county superintendent of schools and the Lake County Music Workshop Committee, headed by Miss Marjorie Greener, director of music in the Waukegan Public Schools, will present a concert in Waukegan March 8 at the annual Lake County Teachers' Institute, under the direction of Dr. Jack M. Pernecky, assistant professor of music education at Northwestern University.

Twelve junior high schools and seven senior high schools that now have orchestra instruction will provide members of the orchestra which will hold practices February 18, February 25 and March 4. Practice sessions will be rotated among the schools.

You can tell this '63 on sight—even at night!

For years now, Pontiacs have been the easiest cars to pick out in a crowd. And the '63's are no exception. At night, with the highway driving beam on, Pontiac identifies itself by its unique over-and-under headlight arrange-

ment. [It's more than just a nice styling touch—the headlights aim better this way.] By day, of course, a new boldly linear grille design sets Pontiac beautifully apart from the which-car-is-which problem. Another

way you can tell the '63 Pontiac is by looking at the drivers. They're the ones who are smiling. Say—maybe you'd better see your dealer about that. He's smiling about Pontiac too.

U. of I. Scholarship Exams on March 30

URBANA, Ill. — Examinations for six or more University of Illinois scholarships in every county of the state will be held March 30 by superintendents of schools.

All cover tuition of \$170 per year for four years. Examinations will be from 9 to 11:30 a.m. in the office of the county superintendents or places they designate. Tests will cover high school work and measure ability to do college work successfully.

Available in each county are one or more county scholarships depending on population; two special scholarships—one for a student in agriculture, and one for a student in home economics; and three scholarships to children of veterans—one each to a child of a veteran of World Wars I and II and the Korean Conflict.

Candidates must be residents of the county in which they write the examination and meet university entrance requirements. Persons planning to take the examination must notify the county superintendent in advance. Further information may be obtained from the Director of the Undergraduate Scholarship Program, University of Illinois, Urbana.

Lake County has 6 county scholarships.

Send W-2 With Tax Return

Be sure to attach all W-2's to your income tax return. E. V. Coyle, Jr., District Director of Internal Revenue, said today that refunds cannot be paid nor can credit be given for taxes withheld without the required W-2's, the withholding tax statements from employers.

He said that the W-2's should be attached to the return, but he also asked that staples or pins not be used on the card Form 1040A. Card Form returns are processed by machine and staples or pin holes in the cards interfere with processing.

Internal Revenue, which is conducting its 100th filing period this year, began using W-2 forms twenty years ago.

Sequoit Five Win Easy Victory Over Ela Team

Bob Kubicki poured in 30 points Friday night and led the Antioch Sequoits to a 69 to 64 victory over Ela-Vernon at Lake Zurich. It was Kubicki's second consecutive game in which he has scored 30 points or more. His 30 point performance moved him into the conference lead in individual scoring.

After a rather slow start the Sequoits led at the end of the first quarter 13 to 10. Antioch took command early in the second period however and dumped in 26 points to lead at the halfway mark 39 to 26.

The Sequoits continued their torrid scoring pace in the third period as they hit for 19 points while holding the Bears to 10 counters. The Bears rallied somewhat in the final stanza to outpoint the Sequoits 18 to 15.

The Antioch quint dominated the boards grabbing off 41 rebounds to 25 for Ela-Vernon. Coach Roger Andrews said he was especially pleased with his team's offensive performance on the boards. Twenty-one of the 41 rebounds were offensive. "Unfortunately we only capitalized on 6 of them," Andrews added.

The Sequoits hit a respectable 39% from the field and cashed 21 of 27 free throw attempts for 77% at the charity line. Ela-Vernon hit 42% from the field and 59% of their free throws.

Doug Lang collected 14 points while doing the heavy work on the boards. John Hallwas and Jim Brownlee followed in the scoring with 9 points each. Ken Grzeskowiak led in the scoring for the losers with 23 points.

Scouts Clinch N. West Title

The Lake Forest Scouts clinched the Northwest Suburban title Friday night by downing an invading Wauconda Bulldog team 69 to 60. The Scouts are yet to be defeated in conference play this season and the championship is their first in 11 years.

In other action around the conference, Grayslake topped Grant in an overtime thriller 72 to 64 and Warren beat Round Lake 76 to 70.

Lake Forest went into a 20 to 16 first quarter lead and were never headed after that. After stretching their lead to 15 points by the end of the third quarter, the Bulldogs rallied somewhat and narrowed the margin to 7 points in the final stanza.

That's as close as they came, however, as the Scouts went on to win by the final 69 to 60 margin.

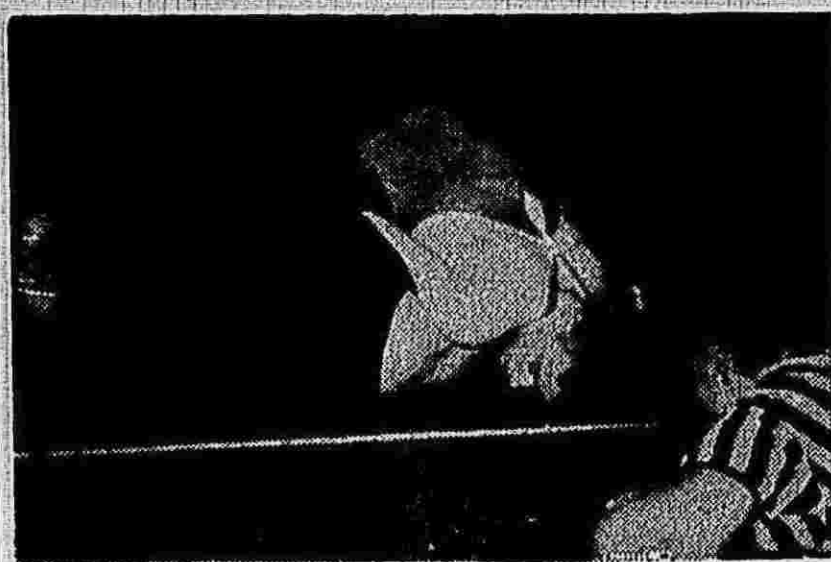

Grant rallied in the final period in their game against Grayslake and knotted the score at 60 all at the end of the regulation time. The Bulldogs went into the lead early in the overtime period only to see it tied again with baskets by Jim Stone and Bob Caldwell. A basket by John Nesheim and 6 free throws by Randy Kostelny proved more than enough for the victory margin for the Rams.

At Gurnee, the Warren Blue Devils finally won out over Round Lake in high scoring 76 to 70 melee. The victory kept the Blue Devils in a tie with Antioch for fifth place.

Warren took command early in the first period and

Tournament Starts at Antioch Bowl Sunday

As of now, Willie Hanke of Twin Lakes, Wis., will open the 18th annual Antioch Men's Singles Tourney.

Willie, one of the leading bowlers in the Antioch Majors, is scheduled to bowl at 1 p.m. on Sunday Feb. 17. At 3 p.m., Jack Schaul, owner of the Morton Grove Lanes, and some of the best Morton Grove bowlers are scheduled.

At 4 p.m., Bud Leiser of the Mead Specialties Co. and a squad of his fellow-workers will try their luck.

This is the 18th year for this tournament. It runs for two weeks and includes two big weekends.

First prize is \$500.00, with the prize list extended according to the entries so that at least 1 out of every ten will collect.

This tournament has always drawn a large number of both local and out-of-town bowlers. Well-known bowlers may also be seen trying their luck at various times, and spectating bowlers often crowd the alleys to watch the activities.

Roger Stratton will be in charge of the tournament this year, replacing Joe Sterbenz. Last year's entries totaled 1663. An even larger number of entries is expected this year.

The tournament will start at 9 a.m. next Sunday, and

led by the end of the quarter 20 to 11. The Blue Devils were never in danger after that even though Round Lake rallied in the fourth period for 28 points.

WARD DUEL of the Lake County Health Department, Dick Waters of the Northern Illinois Conservation Club, and Rudy Polonik of the Resort Owners Association join in urging Lake County ice fishermen to use the litter barrels supplied to help keep our lakes clean.

Mat Men Win Final Match Here

Antioch's varsity wrestling team finished the season with a flourish as they downed the Ela-Vernon boys by a score of 36-13 in Friday night's matches at Antioch.

Pins were scored by Ray Sheppard, Louis Megle, John Sebesta and Lon Ipsen. The only pin scored by Ela-Vernon was Russ Smith's of Rick Prossie. Ralph Gaston's opponent forfeited the match.

Jerry Bergh, John Sheppard and John Burke outscored their opponents. The match between Dave Miller and Doug Farr ended in a tie.

The sophomore team was defeated by Ela-Vernon 24-18.

Call it luck or call it skill, Don Hart got a big thrill when he made the almost-impossible 4-6-7-10 spare in league play Sunday night.

Don is from Cross Lake. He was bowling in George's Bar team in the mixed Sunday night league when he made the sensational pick-up. Don's average in the league is 134.

Joe and Helen's team carried off the high series honor in the Majors when they added team games of 851 and 950 to a resounding 1105 for a series of 2006.

George Sargent of Kennedy's Pro Shop had high series of 680 with games of 253-215-212. Howie Schroeder of Pittman Motors was just two pins lower with a 678 on a series of 238-223-217. Harry Shank's 286 game was high for the evening. Shank's series was 630, Ken Smith had a 642 and Ron Schuler a 615.

Phil Burgdorf had the high game and series in the Bl-State league, a smashing series of 675 with a 263 game.

CHEVROLET TRUCK QUALITY

You can see the difference wherever you look

If you believe various makes of trucks are pretty much alike, you aren't doing justice to your pocket-book. There are differences.

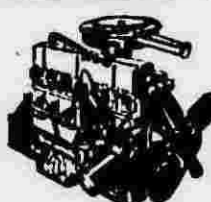

A Chevrolet truck welcomes comparison. Look at the little things on it—latches, hinges, stitching in the upholstery. Notice how strong the tailgate is, the rubber encased chains that keep it from sagging.

The body floor is made of select wood to eliminate the rust problem and give you better footing. The lower

side panels are double-walled; you might dent the inside but it won't show through.

Chevrolet designs suspension systems to fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

If you are going to need a new truck this year, you should look at the quality Chevrolet has to offer. May we bring over a new '63 so you can examine it?

New High Torque 230-cu.-in. Six is lighter but more powerful than its predecessor. It is standard in Series C10 through C60 models.

New High Torque 292-cu.-in. Six—most powerful truck Chevrolet has ever built! Standard in Series C60, optional at extra cost in lighter models.

AN ORDINANCE RELATING TO MEETINGS

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, ILLINOIS:

Section 1: The regular meetings of the President and Board of Trustees of the Village of Antioch shall be held on the first Tuesday of each and every month at the Antioch Fire Station, 402 Orchard Street, Antioch, Illinois.

Section 2: All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

Section 3: This Ordinance shall be in full force and effect from and after its passage and approval as provided by law.

APPROVED: Murrill Cunningham
President,
Board of Trustees

ATTEST: C. B. Shultis,
Village Clerk
Presented and read, February 5, 1963

Passed and approved, February 5, 1963
Edward C. Jacobs
Village Attorney.

AN ORDINANCE establishing charges and fees for connection to the waterworks and sewerage system of the Village of Antioch, Illinois, and providing for the regulation of said combined system. BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ANTIOCH, LAKE COUNTY, ILLINOIS.

Section 1. No person, persons, firm or corporations shall make any connection to the water mains or the sewer mains of the combined waterworks and sewerage system of the Village of Antioch, Lake County, Illinois, except upon written application to the Village Clerk and the issuance of a permit by said Clerk for such connection.

Each application shall state the name of the applicant, the permit desired, the location to be used, and the fee to be paid; and each application shall contain such additional information as may be needed for the proper guidance of the Village officials in the issuing of the permit.

Section 2. WATER CONNECTION CHARGE:

The charges for making connection to the water mains of the system within the corporate limits shall be \$50.00 for a 1/2 inch water tap. For such connections to the system requiring larger than a 1/2 inch water tap, or for applicants located outside the corporate limits of the Village, the charge for a water connection shall be determined by the President and Board of Trustees.

All applicants shall provide and pay the cost of construction, both labor and material, of the water service from the main to the premises to be served. The construction work in connection with the water service shall be performed by a licensed plumber who has a properly executed bond on file in the office of the Village Clerk.

The water meter shall be furnished by the Village and a charge made to cover the cost of such meter. For said connection charge the Village will inspect the water service to determine that the construction thereof is in accordance with specifications established by the Village for the regulation of said system.

Section 3. SEWER PERMIT FEE: The permit fee for each separate single family residence connecting to the sanitary sewer system within the corporate limits shall be FIFTY DOLLARS (\$50.00). For other connections, different than a single family residence, or outside the corporate limits of the Village, the permit fee for a sewer connection shall be determined by the President and Board of Trustees.

Said sewer permit fee is established to reimburse the Village for the cost of constructing and providing for the future expansion of the sewage treatment plant, and may be referred to as the

sewage treatment plant fee. The applicant in all cases shall pay for all costs of labor and materials required for installing the sewer service from the respective mains to the premises to be served.

Section 4. SEWER PROPERTY CHARGE: The Village of Antioch has heretofore provided for the extension of water mains in certain streets and areas in the Village, and with Village funds has provided a material benefit to property owners abutting on said sewer mains. To reimburse the Village for such expended, a sewer property charge is established herein applicable to said Village financed sewer mains for each separate single family residence, such property charge to be at a lower rate to benefit existing premises and at a higher rate for future applications for the service at the rates described below:

To March 1, 1964.....\$300.00

March 1, 1964 to March 1, 1965..... 350.00

March 1, 1965 to March 1, 1966..... 400.00

On and after March 1, 1966..... 500.00

For other sewer connections, different than a single family residence, or outside the corporate limits of the Village, the sewer property charge shall be determined by the President and Board of Trustees.

From and after the date of passage of this Ordinance, and upon its approval by the President and Board of Trustees and publication as provided by law, any additional sewer main extensions constructed by the Village of Antioch with Village funds and for the benefit of private properties shall be subject to reimbursement by private owners of property as to the pro-rata share of the cost of construction, which shall include the cost of street replacement, engineering, supervision and legal fees, and shall be apportioned equally among the total number of lots to be served by the improvement and the cost per lot marked on the sewer maps of the Village as to location, nature and cost.

Except as provided herein, the Applicant shall in all cases pay the cost of labor and material required to install a sewer service from the respective main to the premises to be served.

The sums herein provided to be paid as a sewer property charge shall be in addition to and exclusive of all other charges required and fixed by Ordinance for connection with Village sewer mains.

The construction work in connection with the sewer service shall be performed by a licensed plumber or licensed drain layer who has a properly executed bond on file in the office of the Village Clerk.

Section 5. All fees and charges described above shall be paid into the Waterworks and Sewerage Fund.

Section 6. No connection shall be made with the combined waterworks and sewerage system without the signed permit of the Village Clerk. Any connection or opening made with the waterworks and sewerage system without such signed permit or in any manner different from the mode prescribed for such opening or connection, shall subject the maker to a penalty as hereinafter provided.

Section 7. The President and Board of Trustees are hereby authorized to make such rules and regulations consistent with this Ordinance for the connections to the waterworks and sewerage system, specifying the types and sizes of pipes and all the other appurtenances and extensions thereto, and amend the same from time to time as may be deemed necessary.

All service pipes and connections to the combined waterworks and sewerage system shall comply with the said specifications and rules. Any person, firm or corporation not complying with the specifications and rules for connection to the waterworks and sewerage system shall be subject to a penalty as hereinafter provided.

Section 8. Employees of the waterworks and sewerage system shall have the right of access to any premises served by the combined waterworks and sewerage system for the purpose of reading water meters at the regular prescribed intervals or for the purpose of making inspections in order to maintain in good condition and provide for the protection of said combined system and the efficient management thereof.

Where such inspections are not of an immediate or urgent nature, employees of the combined system shall arrange for appointments mutually convenient to the persons of the premises served and said employees. Any person refusing the right to permit the said employees of the waterworks and sewerage system the above described right of access to his premises shall be subject to a penalty as hereinafter provided.

Section 9. It shall be the duty of the owner, occupant, or party or parties in possession of any house, structure, factory, industrial or commercial establishment or any other building of any other character located on property abutting on the public waterworks and sewerage system; to cause such house, structure, factory, industrial or commercial establishment or any other building of any other character to be connected with the said waterworks and sewerage system within six (6) months from the date of passage of this Ordinance or within six (6) months from the date that water or sewerage facilities become available to such property, whichever is the event last to occur.

Section 10. Any person, firm, corporation, association, agent or legal representative violating any of the provisions of this Ordinance shall be subject to a penalty of not less than TEN DOLLARS (\$10.00) and not more than ONE HUNDRED DOLLARS (\$100.00), and each day that the violation continues shall subject such person to an additional penalty of not less than TEN DOLLARS (\$10.00) and not more than ONE HUNDRED DOLLARS (\$100.00).

Section 11. That a copy of this Ordinance, properly certified by the Village Clerk, shall be filed in the office of the Recorder of Deeds of Lake County, and shall be deemed notice to all owners of real estate of their liability for service supplied to any user of the service of the combined waterworks and sewerage system of said Village on their properties, and it shall be the duty of the Village Clerk and such other officers of this Village to take all action necessary or required by the laws of the State of Illinois thereunto enabling to file all claims for money due to the Village and to prosecute and enforce such claims in the manner, form, and time as permitted by the laws of the State of Illinois.

Section 12. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed.

Section 13. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 14. This ordinance shall be in full force and effect upon its passage and publication as provided by law.

Passed: February 5, 1963.

Vote: AYES: Nissen, Toft, Glenn, Williams and Vos.

NAYS: None.

Approved: February 5, 1963.
